

**Households Receiving Food Stamps, Grays Harbor County
2011 - 2015 American Community Survey 5 Year Estimates**

Compiled by Grays Harbor Council of Governments

	2011 - 2015					
	Total Household estimate		Households receiving food stamps		Households not receiving food stamps	
	Estimate	Margin of Error	Estimate	Margin of Error	Estimate	Margin of Error
Households	27,219	+/-584	5,946	+/-472	21,273	+/-643
With one or more people 60 years and over	12,279	+/-368	1,616	+/-225	10,663	+/-360
With children under 18 years	7,228	+/-474	2,454	+/-323	4,774	+/-420

Notes:

Data are based on a sample and are subject to sampling variability. The degree of uncertainty for an estimate arising from sampling variability is represented through the use of a margin of error. The value shown here is the 90 percent margin of error. The margin of error can be interpreted roughly as providing a 90 percent probability that the interval defined by the estimate minus the margin of error and the estimate plus the margin of error (the lower and upper confidence bounds) contains the true value. In addition to sampling variability, the ACS estimates are subject to nonsampling error (for a discussion of nonsampling variability, see Accuracy of the Data). The effect of nonsampling error is not represented in these tables.

Supporting documentation on code lists, subject definitions, data accuracy, and statistical testing can be found on the American Community Survey website in the Data and Documentation section.

Sample size and data quality measures (including coverage rates, allocation rates, and response rates) can be found on the American Community Survey website in the Methodology section.
